

# The future is at your fingertips

**With such a variety of construction professions, you could say there is a role for everyone.**

- Are you fascinated by building and would love to say “I helped build that!”?
- Are you practically minded and pay attention to detail?
- Do you get bored doing one thing all the time?
- Do you like solving problems?
- Working with lots of different people?
- Are you organized and motivated by meeting deadlines?
- Can you adapt your communication style depending on who you are working with?
